

# INSTRUCTIONAL MINISTRIES

**Christian Education Council:** The Christian Education Council plans and coordinates Christian Education activities for the church. Its goal is to effectively train members for Christian service.

**Etiquette & Manners:** The Ministry's goal and purpose is to help each youth learn Manners & Etiquette by: putting God "first" before everything; using their minds to think about consequences of the decisions they make; build self-esteem; love themselves, each other, respect themselves and others; "Not" giving into peer pressure; and, how to deal with bullying. They must learn that no matter how bad circumstances look, God is always a step ahead of the problem if they keep the faith.

**Scholarship Committee:** The Scholarship Committee's purpose is to inspire graduates (including GED) of the Church to strive for improved church and high academic standing and to acknowledge the efforts of church member/student who has made outstanding contributions to RMBC, their school and community.

**Sunday School Ministry:** The Sunday School Ministry is the oldest training arm of the church. It is an opportunity to provide all ages with the lesson of God's Work and how it applies to daily living. Sunday School begins at 9:30 a.m. Classes are organized according to age groups: very young children, older children, young adult, men's group and women's group. Orientation Class: The objective of the Orientation Class is to meet the new converts at whatever point in their lives they may be, lead them in Bible principles toward their Christian growth, and to make sure they have a clear understanding of the plan of salvation. It is the desire for them to know that attending Church on Sunday morning and Wednesday night Bible Study alone does not make you a Christian, but that it is a part of life for believers. The future for this class is to make better disciples for Jesus Christ. After completing the class, students will attend regular Sunday School class.
